Chairman's Report: Chief Duffey opens the meeting. Chief Duffey begins discussions on how we get out into the public to promote the project. This led to a healthy discussion among the committee members. Some ideas that were brought up were getting out to the Senior Center, the School PACs, possibly the Eagles and Leisurewoods. The consensus was that the public outreach meetings are very important, and we need to focus on them. Additionally, it was suggested that we ramp up and improve our social media presence and really target that demographic which is far reaching. The suggestion was made to see if we could produce short videos that could be played on town meeting floor as well as pushed out to the town's website and social media channels. This was felt to be a good idea amongst the group and Chief Duffey will investigate it further potentially with the help of WRPS.

Old Business: There was no old business to discuss.

New Business: There was no new business to discuss.
