

Rockland Park Department
87 Linden St
Rockland, MA 02370

Meeting Minutes of Rockland Park Meeting on
Monday February 24th 2025

Meeting Started at 6:30 pm

Meeting was held in the Monaghan Room of the Town Hall

Present at the meeting were Joe Reis, Richard Furlong, Brain Martin, Justin Bodio

We meet with the open space committee to discuss the recreational plan for Southfield, the Open Space Plan for the Town of Rockland and how we can help in maintaining Open Space and Conservation land in town.

They asked us to put in a request for what we think is needed for fields at Southfield because the owner at Southfield is working on eliminating the recreational plan. We told them we would discuss it at our next meeting and send it to them in writing.

The Open Space Plan is out of date in July of 2025, and we need to update it so the town can be eligible for grants. We will appoint a person to be on the committee to get the plan updated.

We had a lengthy discussion about how we could help Conservation and Open Space maintain the property in the town that is under their control. They are looking at a maintenance plan to cover all their properties in the town. Then under their direction the Park Department would work with them to maintain the safety and cleaning of the property.

Meeting Adjourned at 8:00 pm
